The following information details Lear Co-Packaging's capabilities.

Our two facilities are located just south of highway 401 off Erin Mills Parkway and are in close proximity to Highway 403. Our 35,000 square foot warehouse is bright and spacious with six dock level doors with adjustable plates and two with door seals. We accommodate full trailer loads as well as providing our customers with the option of dropping trailers. The other facility is next door and is a well designed 17,000 square foot warehouse with four dock level doors and an air conditioned area for working and storing temperature sensitive products.

We have ten lines of customized, shrinkwrapping equipment including 3 fully automatic lines and can accommodate packages up to 50" x 30" x 15". Aside from our expertise in shrinkwrapping, we also do polybagging, blister packing, skin packaging and shrink sleeving.

We are a progressive company that had undergone three expansions in just seven years of operation and can readily adapt to any specialty request of our customers.

Our customer list consists of several Fortune 500 companies, including, PEPSI, KIMBERLY CLARK INC., CADBURY BEVERAGES, UNICO, DURACELL, GILLETTE, DARE, PEPPERIDGE FARMS, BEST FOODS, OSRAM SYLVANIA, ROBIN HOOD, WYNNS, CULINAR, CLUB MONACO, ETC., as well as several marketing companies.

Prior to commencement of work for Hershey's, Adam's Brands, Best Foods, Campbells, Dare, Pepsi, Kimberly Clark Inc., Robin Hood, etc., we were inspected and approved by their quality control departments. Lear holds an Establishment Licence and maintains a GMP environment. This qualifies us to handle DIN numbered items.

With our in-house label capabilities, we can offer immediate label service including U.P.C. codes and company logos. Our labels are done to ANSI standards and we can provide printed reports verifying their scanability.

Our expertise encompasses over 35 years combined in the packaging industry allowing us to offer the highest quality and service. Prices are competitive and our flexibility allows

us to provide the most complete and total line of packaging consisting of the above as well as design, artwork, assembly, P.O.P displays, repackaging and corrugate sourcing.
